

Ochsner Healthy Schools

School Nurse Program

Ochsner's School Nurse Program places a dedicated pediatric school nurse in your school. An on-site nurse allows for management of students' chronic and acute needs on the school campus. School nurses also provide access to valuable health and wellness resources. Our nurses are always connected real-time to Ochsner's Healthy Schools team of pediatricians.

- > Pediatric nurse to assess and evaluate a student's health, administer medication, coordinate referrals, promote health education, and respond to emergencies
- > Annual contract:
 - Full time nurse; 40 hours/week
 - Part time nurse; 20-24 hours/week
- > Hearing and vision screenings
- > CPR, Naloxone, and Stop the Bleed trainings
- > Professional development
- > Health and wellness education
