Nursing School Resource Guide

Ochsner Medical Center – Jefferson Hwy.

Medical Surgical Unit Adult General Medicine Cardiac Monitoring/Telemetry, IV Pumps, Pain Management, Central Line Care	6th Floor Main Hospital 36 Beds
--	--

Internal Medicine Telemetry Unit Adult General Medicine Cardiac Monitoring/Telemetry, IV Pumps, Pain Management, Central Line Care	16th Floor West Tower 34 Beds
---	--

Medical Telemetry Step-Down Unit Medical and surgical patients requiring closer monitoring (Liver failure/transplant, surgery, internal medicine) Cardiac monitoring/Telemetry, IV Pumps, Central Line Care, Pain Management	8th Floor West Tower 34 Beds
---	---

Postop Surgical Services (POSS) Adult post-surgical patients (e.g., Ortho, GS, Urology, CRS, Bariatric) Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care	5th Floor Main Hospital 29 Beds
---	--

Acute Oncology Unit Adult cancer care (stem cell transplant, bone marrow transplant, hematology, oncology and gynecology oncology surgery) IV Pumps, Central Line Care, Chemotherapy, continuous vital sign monitoring	8th Floor Main Hospital 29 Beds
---	--

Gastro-Intestinal Surgical Stepdown (GISS) Adult Colon and Rectal, GI Surgery requiring closer monitoring postoperatively Cardiac Monitoring/Telemetry, IV Pumps, Wound and Drain Management, Pain Management, Central Line Care	10th Floor Main Hospital 40 Beds
---	---

Neurosciences Progressive Unit (NPU) Adult stroke, neurosurgery, seizure patients, pre/post surgery care Cardiac Monitoring/Telemetry, Seizure monitoring, continuous VS monitoring, IV Pumps, Wound and Drain Management, Pain Management, Central Line Care	9th Floor Main Hospital 40 Beds
--	--

Transplant Stepdown Unit (TSU) Adult pre and post-transplant patients Cardiac monitoring, Central / PA lines, Complex IV titration medications, Drain and Wound Management	11th Floor West Tower 34 Beds
---	--

Cardiology Step-down Unit (CSU/CTSU) Care of patients with cardiac diagnosis (NSTEMI, HF, CAD) and pre/post heart procedures (cath, LVAD, CABG, MVR, Cardioversion, ablations Cardiac monitoring/telemetry, Pacer management, Central Line Care, IV Pumps, titratable drips	3rd Floor Main 43 Beds
--	---

Neurosciences Critical Care (NSCC) Adult care of Stroke (Ischemic, Hemorrhagic), post-surgical and procedural patients (Aneurysm clipping/coiling, brain tumor resection), complex seizure and EEG monitoring, Neuromuscular disorders Cardiac monitoring, EEG, Hypothermia, pupillometry and ventilator management	9th Floor West Tower 34 Beds
--	---

Medical Intensive Care Unit (MICU)

Adult medical intensive care for sepsis, respiratory failure, liver failure, GI Bleeding, HTN crisis, multi-organ failure

Hemodynamic Monitoring, PA /Central Lines, ventilator management, IV Pumps and complex drips, CRRT

6th Floor

West Tower

32 Beds

Surgical Intensive Care Unit (SICU)

Post-surgical adult patients requiring close monitoring (Heart, transplant, LVAD, ECMO)

Hemodynamic Monitoring, PA /Central Lines, ventilator management, IV Pumps and complex drips, CRRT

10th Floor

West Tower

34 Beds

Cardiac Intensive Care Unit (CICU)

Adult high-risk cardiology patients (PCI, STEMI, decompensated heart failure, cardiogenic shock) SDU: post ICU CT surgery, VAD

Cardiac monitoring, Central / PA lines, Complex IV titration drips, CRRT, IABP, VAD, Impella, Tandem heart

3rd Floor West

Tower 14 ICU;

16 SDU

Pediatric Acute Care Unit

Care of infants to <18 y.o patients with medical and surgical diagnoses

Cardiac monitoring, IV Pumps, Feeding

4th Floor

Main Hospital

32 Beds

3rd Floor Annex

Main Hospital

12 Beds

Pediatric Intensive Care Unit (PICU/CVICU) Care of infants to <18 y.o. patients requiring close monitoring for medical or surgical diagnoses Hemodynamic monitoring, Central / PA lines, Complex IV titration drips, ventilator management	4th Floor Main Hospital 26 Beds
---	--

Ochsner Skilled Nursing Facility (Post-Acute) - Short-term skilled services for patients requiring rehabilitation or complex medical care following hospitalization	2614 Jefferson Hwy West Campus 30 Beds
--	--

Ochsner Hospital for Orthopedics & Sports Medicine Care of Orthopedic Surgery patients (Same Day Joint Replacements), Surgical Suites, Pre/Post Op Unit	1221 S. Clearview Pkwy Jefferson, LA
---	---

Other Units: ED, Cath Lab, EP Lab, Interventional Radiology, Dialysis, Endoscopy, Surgery/PACU, OP/DOSC (Merrill Hines Surgery Center)

Ochsner Medical Center – Westbank

Medical Surgical Unit Adult medical and post-surgical patients What you'll see most of: Pre/post-surgical care, cardiac monitoring/telemetry, IV pumps, wound and pain management, central line management, blood administration, administration of a variety of medications	4th Floor 38 Beds
--	--

Telemetry Unit Adult medical and cardiovascular patients (acute cardiac and acute stroke care) What you'll see most of: Cardiac monitoring/telemetry, pre/post diagnostic and procedural care, IV Pumps, tele stroke, patients with multiple comorbidities	3rd Floor 38 Beds
--	--

Intensive Care Unit Combination Medical/Surgical/Cardiac Critical Care Unit able to collaborate with EICU via virtual medicine equipment What you'll see most of: Patients requiring close hemodynamic and cardiac monitoring, ventilator management, central and arterial lines, complex IV medication titration, CRRT, IABP	2nd Floor 22 Beds
---	--

Women's Services Care of low and high-risk pregnancies and deliveries, Mother Baby with 24/7 couplet care, post GYN surgery care, care of level III critically ill newborns/infants requiring close hemodynamic monitoring and ventilation management	2nd Floor L&D M/B NICU 16 Bed Level III
---	---

Other Units: ED, Cath Lab, Endoscopy, Surgery/OPS/PACU

Ochsner Medical Center – Kenner

Medical Surgical Unit Medical and post-surgical patients (e.g., Ortho, GS, Neuroendocrine Tumor) Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care, Virtual Innovative Patient (VIP) Care	5th Floor – A (5A) 30 Beds
---	---

Telemetry Unit Medical patients requiring cardiac monitoring / telemetry Pre/Post diagnostic procedures, IV Pumps, Tele Stroke, Virtual Innovative Patient (VIP) Care	4th Floor – (4B) 40+ Beds
--	--

Intensive Care Unit Medical and surgical patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications	5th Floor (5B) 26 Beds
---	---

Women's Services Care of low and high-risk pregnancies, antepartum, intrapartum and immediate post-partum; 24/7 unit with newborn care at the bedside (Couplet Care) Post GYN surgery care Care of Level II critically ill newborns	3rd Floor L&D M/B Level II NICU
---	---

Other Units: ED, Cath Lab, Interventional Radiology, Pain Management, Endoscopy, Surgery/OPS/PACU

Ochsner Baptist

Medical Surgical Unit / Telemetry Medical and post-surgical patients (e.g., Ortho, GS, Urology, ENT, GYN) Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care	3 South 26 Beds
---	----------------------------------

Medical Surgical Unit / Telemetry Medical patients requiring cardiac monitoring / telemetry (CHF, COPD, DM, Infections, GI Disorders, ESRD/Dialysis) Pre/Post diagnostic procedures, IV Pumps	3 Clara Center 26 Beds
--	---

Intensive Care Unit Medical and surgical patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications	5B 12 Beds
---	-----------------------------

Women's Services Low to high-risk L&D, 24/7 Mother Baby Couplet Care Level III critically ill newborns/infants requiring close hemodynamic monitoring, ventilation management	L&D, OB ED M/B, Alternative Birthing Center Level III 54 Bed NICU
--	--

Other Units: ED, Cath Lab, Endoscopy, Surgery/OPS/PACU, Pain Management

St. Bernard Parish Hospital – Chalmette

Medical Surgical Unit Adult Medical and post-surgical patients Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care	3rd Floor 32 Beds
--	--

Intensive Care Unit Medical and surgical patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central lines, Complex IV titration medications	2nd Floor 8 Beds
--	---------------------------------------

Other Units: ED, Cath Lab, Endoscopy, Surgery/OPS/PACU

St. Charles Parish Hospital - Luling

Medical Surgical Unit

Adult Medical and post-surgical patients
Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care

2nd Floor

19 Beds

Intensive Care Unit

Medical and surgical patients requiring close hemodynamic monitoring
Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications

1st Floor

6 Beds

Behavioral Health Unit

Inpatient acute psychiatric care and therapeutic processes, substance abuse management
Medication management, Verbal / physical de-escalation, Individual/Group Therapy

3rd Floor

Beds
20 Beds (BHU)
10 Beds (Med/Psych)

Other Units: ED, Surgery/PACU

Ochsner Medical Center – Northshore (Slidell)

Medical Surgical Unit Medical and post-surgical patients Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care	3rd Floor 23 Beds
--	--

Post-op/Orthopedic Unit/Observation Adult postop orthopedics and post-surgical patients IV pumps, Central Line Management, CPM, cryotherapy, Pain Management	4th Floor 20 Beds
---	--

Intensive Care Unit Medical and surgical patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications, targeted temperature management	2nd Floor 20 Beds
--	--

Telemetry Telemetry and stroke patients, some miscellaneous medical surgery Cardiac monitoring/Telemetry, IV Pumps, Diagnostic procedure pre/post care	2nd Floor 23 Beds
---	--

Other Units: ED, Endoscopy, Surgery/OPS/PACU

Ochsner Medical Center – Hancock

Medical Surgical / Pediatrics Unit Infant to Adult Medical and post-surgical patients Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care	1st Floor 29 Beds
--	---

Intensive Care Unit Medical and surgical patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications	1st Floor 6 Beds
---	--

Other Units: ED, Surgery/PACU

Ochsner St. Anne - Raceland

Medical Surgical Unit Adulthood and Pediatric acute inpatients, Skilled Nursing, and pre/postop surgical patients Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care	3rd Floor 23 Beds AKA: MedSurg, Telemetry
---	--

Behavioral Health Inpatient acute psychiatric care and therapeutic processes, substance abuse management Medication management, Verbal / physical de-escalation, Individual/Group Therapy	2nd Floor 10 Beds AKA: BHU, Psych
--	--

Intensive Care Unit Medical and surgical adult patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications	4th Floor 3 Beds AKA: ICU, CCU
---	---

Women Services Care of low and high-risk pregnancies, antepartum, intrapartum and immediate post-partum; 24/7 unit with newborn care at the bedside (Couplet Care) Post GYN surgery care	Location Labor & Delivery Mother/Baby AKA: Labor & Delivery, Nursery, Mother/Baby
---	---

Other Units: ED, Surgery/OPS/PACU, OP Infusion, Clinics

Leonard J. Chabert (Houma)

Medical Surgical Telemetry Unit Medical adult patients Cardiac Monitoring/Telemetry, IV Pumps, Central Line Management, Pre/Post diagnostic and procedural care	4th Floor 24 Beds AKA: 4West, MedTele
--	--

Post op/Peds Adult Post-op and Medical Pediatric Patients Pre/Post diagnostic procedures, IV Pumps, Central Line Management, Wound/Drain Management	5th Floor 24 Beds AKA: 5East, MedSurg, Peds
--	--

Intensive Care Unit Medical and surgical patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications	3rd Floor 8 Beds
---	--

Behavioral Health Unit Inpatient acute psychiatric care and therapeutic processes, substance abuse management Medication management, Verbal / physical de-escalation, Individual/Group Therapy	5th Floor 24 Beds AKA: BHU, Psych
---	--

Other Units: ED, Cath Lab, Endoscopy, Surgery/OPS/PACU, OP Chemo/Infusion, Clinics

Ochsner Medical Center – St. Mary's (Morgan City, LA)

Medical Surgical Telemetry Unit Medical adult patients Cardiac Monitoring/Telemetry, IV Pumps, Central Line Management, Pre/Post diagnostic and procedural care, Wound/Drain Management	6th Floor 24 Beds
--	--

Intensive Care Unit Medical and surgical patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications	2nd Floor 8 Beds
---	---------------------------------------

Behavioral Health Unit Inpatient acute psychiatric care and therapeutic processes, substance abuse management Medication management, Verbal / physical de-escalation, Individual/Group Therapy	7th Floor 17 Beds
---	--

Women Services Care of low and high-risk pregnancies, antepartum, intrapartum, and immediate post-partum; 24/7 unit with newborn care at the bedside (Couplet Care) Post GYN surgery care, Nursery	4th Floor L&D 7 Beds M/B 10 Beds Nursery 10 Beds
---	---

Rehab Services	7th Floor 8 Beds
-----------------------	---------------------------------------

Other Units: ED, Cath Lab, Endoscopy, Surgery/OPS/PACU

Ochsner Medical Center – Baton Rouge

Medical Surgical Unit Medical and post-surgical patients (e.g., Ortho, GS, Urology) Cardiac Monitoring/Telemetry, IV Pumps, Wound and Pain Management, Central Line Care	5th Floor 41 Beds
---	--

Telemetry Unit Medical patients requiring cardiac monitoring / telemetry Pre/Post diagnostic procedures, IV Pumps, Tele-stroke	2nd Floor 50 Beds
---	--

Intensive Care Unit Medical and surgical patients requiring close hemodynamic monitoring Cardiac monitoring, ventilator management, Central / PA lines, Complex IV titration medications	2nd Floor 20 Beds
---	--

Women's Services Care of low and high-risk pregnancies, antepartum, intrapartum and immediate post-partum; 24/7 unit with newborn care at the bedside (Couplet Care) Post GYN surgery care Care of Level II and III critically ill newborns	4th Floor L&D M/B NICU 9 Bed Level III
---	---

Ochsner Medical Complex -GROVE Location Care of surgery patients (pre/intra/post)	1st Floor Preop, 4 ORs 24 Beds
---	--

Other Units: ED, Cath Lab, Endoscopy, Surgery/OPS/PACU
