Hepatology Clinic Referral Checklist

The following is the list of necessary information needed by the Ochsner Hepatology Clinic for newly refereed or patients needing second opinions.

For all Hepatology Conditions, below are the document review requirements:

- Previous GI/Hepatology or Internal Medicine clinic notes (if none available, we need to know previous medical and surgical history) (mandatory)
- All blood tests (mandatory)
- Abdominal imaging reports & CD images (or digital images) (Ultra Sound, PET Scan, CT or MRI) (mandatory)
- Patient height/weight
- Fibroscan result
- Liver biopsy result
- Endoscopy (EGD) results/reports/pictures
