Ochsner Athletic Training Scholars Program

A financial support program for healthcare students

The Ochsner Athletic Training Scholars program is designed to empower students who are obtaining their **Masters of Science in Athletic Training**. We are excited to extend a unique opportunity that provides **financial support for tuition** in exchange for service at Ochsner Health to eligible students.

Beyond tuition support, Ochsner Scholars gain access to **mentorship, career guidance**, and a strong foundation for success. Upon program completion, you'll launch your career at Ochsner Health as a valued member of our healthcare team.

Please visit our site to learn more about program eligibility. For additional questions, please email ochsnerscholars@ochsner.org
