

Tripp Umbach completed an inventory of community resources available in the OMC-St. Anne service area using resources identified by the MHCNO, internet research and United Way's 211 First Call for Help community resource database. Using the parishes which define the OMC-St. Anne community, 81 community resources were identified with the capacity to meet the three community health needs identified in the MHCNO CHNA. (Please refer to the Community Health Needs Assessment Report to review the detailed community needs.)
