As an Ochsner patient, you can request a personalized estimate through our online form, which can be found by visiting ochsner.org/requestbillingestimate

Create your self-service estimate through your MyOchsner account. After logging into your account search for Estimates under Billing. Any of your procedures eligible for estimates will be listed on this page.

Provided by your Provider

For most scheduled procedures, we proactively provide a pre-service estimate before the patient arrives for care. We aim to deliver each estimate in advance of your scheduled care, via phone and MyOchsner.

Call the Central Pricing Office

You can call us directly at **504.703.2773** or **855.241.9351** if you have any questions about billing estimates.

Please note, all billing estimates are based on information provided by a prospective patient and do not include, among other things, any unforeseen complications, additional tests or procedures, and non-hospital related charges, any of which may increase the ultimate cost of the services provided. A final bill for services rendered at Ochsner Health System may differ from the information provided through these resources, and Ochsner Health System shall not be liable for any differences.
