**Keynote Speaker:** Dr. Kylie Porritt, PhD, RN  
Dr. Kylie Porritt has been an active contributor to the field of evidence-based health care for almost 20 years. She is a Senior Research Fellow for the Implementation Science program of the Joanna Briggs Institute (JBI) at the University of Adelaide, Australia. Dr. Kylie Porritt is an experienced, published researcher having been involved in the conduct of multiple systematic reviews and various health related research projects. She has a particular interest in developing methodology for the synthesis of qualitative evidence and she is an advocate for evidence-based health and improving clinical and patient outcomes through the implementation of evidence-based practice.

**Plenary Speaker:** Lisa Hopp, PhD, RN, FAAN  
Dr. Lisa Hopp is founding director of the Indiana Center for Evidence Based Nursing Practice, a Joanna Briggs Center of Excellence and Dean of the College of Nursing at Purdue University Northwest. She is a certified JBI systematic review trainer, has trained hundreds of faculty, clinicians and library scientists and published systematic reviews. She has served on the international advisory board for JBI and for more than a decade, on JBI’s Committee of Directors. She is co-author of Introduction to Evidence Based Practice: A Practical Guide for Nursing. She has taught in PNW’s clinical nurse specialist program for more than 20 years and in PNW’s new DNP program. In both programs, implementation and synthesis science are at the center of the curricula.

**Closing Speaker:** Susan W. Salmond, EdD, RN, ANEF, FAAN  
Dr. Susan Salmond is Executive Vice Dean and Professor at Rutgers, The State University of New Jersey, School of Nursing, with primary responsibility for all academic programs and clinical practice. She is the Co-Director of the Northeast Institute for Evidence Synthesis and Translation (NEST), a Joanna Briggs Center of Excellence at Rutgers School of Nursing and is a co-author of the text, Comprehensive Systematic Review for Advanced Nursing Practice. Dr. Salmond is co-director of the New Jersey Nursing Initiative (NJNI), a grant sponsored by the Robert Wood Johnson with a goal to advance nursing education and nursing practice around population health and population health management.
