Ochsner shall provide, without discrimination, care of Emergency Medical Conditions to individuals regardless of their eligibility for Financial Assistance or for government assistance.
- B. Patients who are determined eligible for Financial Assistance shall not be deferred for Medically Necessary care.
- C. Patients are expected to cooperate with Ochsner's procedures for obtaining Financial Assistance or other forms of payment, and to contribute to the costs of their care based on their individual ability to pay.
- D. The granting of Financial Assistance shall be based on an individualized determination of financial need and will not take into account age, gender, race, social or immigration status, sexual orientation, or religious affiliation.

V. Procedures/Standards and Roles & Responsibilities

- A. Eligibility for Financial Assistance
 - 1. Financial Assistance applies to patient liability only, including but not limited to, deductibles, co-payments, and co-insurances and is available to residents of Louisiana and Mississippi. Financial Assistance

3. Patients whose Family Income exceeds 200% of the FPL may be eligible to receive discounted rates on a case-by-case basis based on their specific circumstances, such as catastrophic illness or medical indigence, at the discretion of Ochsner. For exceptions, documentation may be required to qualify for Financial Assistance. Exceptions include, but are not limited to:
 - a. Expensive medications;
 - b. Terminal illness; or
 - c. Multiple hospitalizations.
 4. Failure to comply with Ochsner's Medicaid coverage and Financial Assistance screening process will exclude patients from Financial Assistance eligibility.
 5. Modifications to previously awarded discounts shall be made if subsequent information indicates the information provided to Ochsner was inaccurate.
- B. Services Available Under this Policy
1. Financial Assistance is available for all Professional Services and Technical Services, except for the following:
 - a. Pre paid, fixed price services;
 - b. Transplant services; and
 - c. Fees for Professional services rendered by the providers as listed on Attachment A.
- C. Methods by Which Patients May Apply for Financial Assistance
1. Financial Assistance requests can be made by contacting the Patient Account Customer Service department via telephone, email, fax, or written correspondence or by visiting the Patient Financial Services Department located at Ochsner Health System facilities.
 2. Financial need will be determined by an individual assessment of financial need and may:
 - a. Include an application process ("Attachment B"), in which the patient or the patient's guarantor, is required to cooperate and supply personal, financial, and other information and documentation relevant to making a determination of financial need;
 - i. The Financial Assistance application is required to provide additional information to allow for a more in-depth review of borderline approvals, hardship cases, and large balances.

Financial Assistance

- b. Include the use of external publicly available data sources that provide information on a patient's or a patient's guarantor's ability to pay (such as credit scoring);
 - c. Use a third party tool when there is insufficient information provided by the patient and may be utilized as the sole documentation source to make a Financial Assistance determination;
 - d. Include reasonable efforts by Ochsner to explore appropriate alternative sources of payment and coverage from public and private payment programs and to assist patients to apply for such programs; or
 - e. Include a review of the patient's outstanding accounts receivable for prior services rendered and the patient's payment history.
3. Applications for Financial Assistance are considered on an episode-of-care by episode-of-care basis. A patient has 240 days from the date of the first post-discharge bill for an episode of care to apply for Financial Assistance for that episode of care.
- D. Amounts Charged to Patients
1. Patients who receive financial assistance may not be charged more for the same services generally billed to insured patients. The Financial Assistance discounts are separately calculated for each facility and represent the average payor yield by reviewing Medicare and commercial actual and Expected Payments (including the Patient Portion) over the prior twelve month period as demonstrated more fully on Attachment C.
- E. Presumptive Financial Assistance Eligibility
1. In addition to the formal Financial Assistance application process, Uninsured patients may also be presumed to be eligible for Financial Assistance for charges on Technical Services based on evidence provided via use of a third party screening tool, which may be utilized as the sole documentation source to make a Financial Assistance determination.
 2. Medically Necessary charges not covered by Medicaid or indigent care programs may be presumed eligible for Financial Assistance.
 3. Account balances with previously made payments may be considered for Financial Assistance if requested through Patient Financial Services or Patient Accounts Customer Service; however, they shall not be considered through the presumptive Financial Assistance process.
