

Lafayette

June 22-26, 2026

Program

STEM Pathfinder is a free one-week summer program, focused primarily on healthcare career exploration and interactive science education. Scholars learn about various healthcare career tracks through mentorship from Ochsner professionals. In addition to career chats and tours of Ochsner's facilities, the program incorporates hands-on learning opportunities, clinical skills training, and scientific experiments.

Eligibility

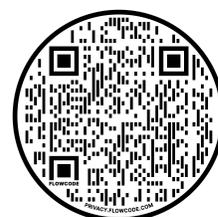

- Open to students entering 9th, 10th, or 11th grade at schools in the Lafayette region or surrounding parishes.
- Applicants must have an interest in health sciences and be 14+ years old by the program start date.

Location

Ochsner Lafayette General Medical Center
1214 Coolidge Street
Lafayette, LA 70503
