STEM Pathfinder Program
Ochsner Baptist

About the Program
STEM Career Pathfinder Program is a 1-week summer program, which focused primarily on healthcare career exploration. This program will prepare high school students in New Orleans East for a successful career in STEM (Science, Technology, Engineering, & Math). Students will participate in hands-on science lessons and receive mentorship from Ochsner healthcare professional from across many disciplines.

Program Details
In addition to career chats and tours of the facility, this program will incorporate hands-on learning opportunities. Students will visit the Simulation Center and have the chance to experiment with science laboratory equipment.

This program is cost-free. Shuttle service will be offered from a central location in New Orleans East to Ochsner Baptist

COVID-19 Response Plan: Safety is our top priority. Please note, that the Education Outreach Team is prepared to offer the program virtually, in-person, or through a hybrid model. Although the structure may differ, the overall goals of the program will remain the same.
